

Fabian Cortes

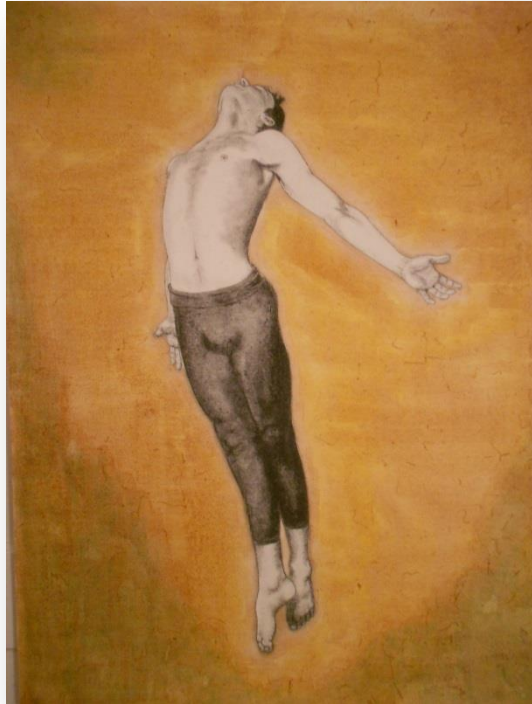

Fabian Cortes was born and raised in Mexico City. Since 2011, he has been living and working in Stamford, CT.

Fabian Cortes is an accomplished IT Engineer Consultant and he is also an accomplished artist: as a writer, he published “Adentro,” a book of poetry in Spanish in 2012 while, as a painter, he has shown his art works in several galleries in Mexico City.

Fabian has been getting closer to the symbolism aesthetic with a expressive reaction in favor of spirituality, the imagination, and dreams.

His works usually depicts a search for that inner human expression which becomes intensely personal and private when complemented with color and spiritual metaphors.
