

July 20, 2016

Dear Neighbors,

Delivering safe, reliable energy to you is Eversource's top priority. We've been working closely with the City of Stamford and its Downtown Special Service District (DSSD) on an important natural gas system improvement project in your area.

The planned improvements will help support natural gas reliability and the economic growth of the downtown Stamford businesses area. Work will begin on Monday, July 25, 2016, and continue through the end of October, 2016. Since this project will include excavation activities, traffic impacts and temporary interruptions to your natural gas service, we want you to be informed of our efforts.

What You Can Expect

Working together is important to the successful and timely completion of this project. The Danella Construction Corp. of Connecticut will be performing the work on behalf of Eversource on the streets identified below. All Eversource employees, contractors and field representatives carry identification that you can ask to see at any time. Construction activities take place Monday through Saturday during the daytime between 9:00 a.m. to 4:00 p.m. and overnight from 9:00 p.m. to 5:00 a.m. Our work is weather dependent and construction activities are subject to change.

- Atlantic Street
- Broad Street
- Edith Sherman Drive
- Federal Street
- Luther Street
- Spring Street
- Summer Street
- Tresser Boulevard
- West Park Place

Please know that we recognize the importance of the "Alive@Five" Outdoor Summer Concert Series and will not be performing work on Thursdays through August 11, 2016. Please notify us of any other special events, so we can work with you to minimize inconveniences.

Our Commitment to You

We are committed to being good neighbors and performing our work with utmost respect for you and your property. As construction professionals, we also know that living within a work zone can be challenging and we will do our best to minimize any disruption you may experience.

Need to Contact Us?

If you have any questions or need any additional information, please contact me at the phone or email addresses provided below.

Sincerely,

Albert J. Dias
