

Construction Activities for the Week of May 14, 2018:

An Eversource crew will continue construction activities to improve our natural gas distribution system in Downtown Stamford:

- The following daytime construction activities will take place Monday, May 14, 2018, through Friday, May 18, 2018, between the hours of 9 a.m. – 4 p.m., on Broad Street between Summer Street and Atlantic Street.
- Traffic flow will be maintained at all locations when possible, however, drivers may experience delays due to alternating one-way traffic as well as occasional lane closures.

What You Can Expect:

- The hours for in-street construction work will vary, depending on location, and the construction crews will be working daytime hours Monday through Friday
- Eversource will maintain access to residences and businesses, as well as ensure priority passage of emergency vehicle traffic through construction areas.
- Construction activities may take place at multiple sites along the route until the project is completed.
- Work zones will be protected from pedestrians and vehicles.
- Police officers or flagmen will oversee traffic control.
- This work is expected to continue through June 30, 2018. Please note that construction work is weather dependent, and construction activities are subject to change without notice.

Additional Information:

Eversource remains committed to providing reliable service as well as accurate and timely information. Keeping the lines of communication open is an important part of our work in your community.
