Coming Soon to Stamford Downtown: Dogtopia!

Scott and Elisa Jones in front of Dogtopia (421 Atlantic Street)

Scott and Elisa Jones relocated to Stamford in 2017 and decided to open the first **Dogtopia** in Connecticut. Dogtopia is one of the fastest growing national franchises with 130 locations in the U.S. and Canada. The Joneses wanted to open a “family business in a family town” explains Scott, as their son, Adam is the General Manager of their new location at the historic Stamford Post Office building (421 Atlantic Street) adjacent to Atlantic Station. Opening this July, Dogtopia offers day care (with web camera access for owners), boarding and spa services. Their professionally trained staff of 15 is dedicated to enhancing the joy of dog parenthood, while creating a unique socialization experience for dogs of every breed.

The Dogtopia Foundation is dedicated to giving back to the community, providing three worthy causes: service dogs for veterans, youth literacy and employment initiatives for adults with autism. We are excited to welcome Dogtopia to Stamford Downtown.

Update: Stamford Downtown's Ambassador and Environmental Maintenance Team

During the course of the COVID-19, Stamford Downtown's Ambassador and Environmental Maintenance Team has worked to make Downtown's streets and open spaces welcoming and attractive in preparation for business openings and the return of Stamford Downtown's workforce. The Ambassadors recently completed documenting all streetscape fixtures (i.e. street lights, planters, trash receptacles and banners). Stamford is partnering with Citiesense, an on-line mapping platform, to incorporate this information into mapping that we may update in real time and track needed maintenance. This is the next phase of a pilot project begun last year by Stamford Downtown on Bedford Street. In addition to mapping of the streetscape fixtures, the Ambassadors are repainting fire hydrants (this is a project we do each Spring) and power washing within the central core of Downtown (Columbus Park/Main Street, Atlantic and Bedford Street). Stamford Downtown also planted summer annuals and installed over 200 hanging baskets. This year's hanging baskets reflect a new palette highlighted by Supertunias.
