

### **eLina Swimwear & Sportswear Opens!**

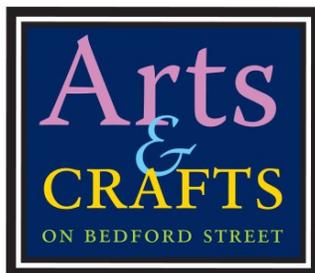

Welcome eLina Swim & Sportswear (189 Bedford Street, in Bedford Passageway) to Stamford Downtown! Founder Lina Garcia worked as a fashion designer in Colombia for 10 years with a passion for brightly colored fabrics so popular in South America. Having always dreamed of selling her swimwear designs in her own store, Lina, a spiritual person, had the good fortune to meet Andres Duarte. Andres embraced Lina's vision and became her business partner at the unique 189 Bedford Street boutique.

eLina Swimwear combines sophistication and femininity with its design blending the cut of the Colombian bikini and the Brazilian classic fit. A notable component of eLina Swimwear is that the products' finishes are handmade from the artisans of Colombia's seniors and indigenous tribe members. This emerged out of Lina's desire to create a source of revenue for Colombia's neediest families.

Lina Garcia and Andres Duarte

eLina Swim & Sportswear also has a large selection of resort wear and athletic wear specializing in both yoga and running outfits. For more information, visit [elinaswimwear.com](http://elinaswimwear.com) or follow their Instagram [@elinaswimwear](https://www.instagram.com/elinaswimwear).

## The Learning Experience Opens a Center in Stamford

From preschool through kindergarten, The Learning Experience makes early education and day care joyful, engaging and fun so children are happy to learn, play and grow. We are so excited for The Learning Experience (421 Atlantic Street) to be joining the Stamford Downtown community and become a vital part of all of our local families' lives! From the vibrant colors to the furniture and floor plan, TLE centers foster an early childhood care environment where kids feel comfortable and where their curiosity and creativity are rewarded.

The Learning Experience's mission statement is to make a positive difference in the life of a child, their family, and the communities that TLE serves. Inside and out, the details of TLE centers were deliberately picked for the purpose of keeping your child healthy, safe, happy and giving them the best possible early education experience. Children's safety and health are their top priorities – and they have taken every step to make sure your child is safe and secure while they spend their day at TLE. They continue to monitor and adhere to all guidance from the Centers for Disease Control (CDC) and U.S. government to ensure that they are taking all necessary preventative measures and acting on each directive that affects any TLE center. They truly live by their motto of "Happy Happens Here!" Find out more about The Learning Experience - Stamford [here](#).

## Mill River Park Expansion

In late September, Mill River Park Collaborative launched a southward expansion of the Park with the Middle Corridor project. Stretching from Tresser Boulevard to Richmond Hill Avenue, the Middle Corridor is an important next step in its efforts to extend Mill River Park south to Long Island Sound.

The project kicked off with the removal of dead trees and invasive species such as the Norway Maple. Next there will be new grading and the reinforcement of the riverbank. Walking paths, thousands of new native perennials, shrubs and trees, benches and a horseshoe pit will be added on the West side of the river to complete the updates.

Go and enjoy [Mill River Park](#) today!

Stamford  
Symphony

Stamford Symphony's first ever virtual  
Gala Concert brings us *Together Again* to  
celebrate the musicians and community  
in a new way. Learn more [here](#).
