THE AMERICANO COMING SOON

From the owners of the very popular Kouzina Greek Taverna - recently featured on Guy Fieri's Food Network show, "Diners, Drive-ins and Dives," as well as owners of Shippan's Tomāto Tomāto Restaurant - comes another soon-to-be Downtown gem.

Stepping inside TheAmericano, one is transported to the hustle and bustle of 1920s Manhattan. Visitors are greeted by a dimly lit, spacious room, designed with wall-to-wall subway tiles adorned with bountiful red roses, brass detailing, and iconic black and white portraits of Hollywood and musical legends: Sophia Loren, Louis Armstrong, Roger Moore, and Frank Sinatra. Tied together, these characteristics create a truly Old New York vibe.

A careful search led the owners to an award-winning chef who favors contemporary cuisine fused with influences of Italian, French, and traditional American fare. The partners are first cousins who grew up together, a Greek family that immigrated to Stamford in the mid-70's. The highly stylish restaurant and bar is sure to be Stamford Downtown's newest hot spot.

WINTER WEATHER RESPONSE

Stamford Downtown Ambassadors

As temperatures begin to dip, Stamford Downtown is preparing its response to winter weather events. Each year, Stamford Downtown works with the City of Stamford and Stamford Downtown’s business community to ensure a safe pedestrian environment during winter weather conditions. Safe pedestrian access throughout the public realm of Stamford Downtown is essential so that downtown businesses do not experience any disruption during stormy conditions.

Stamford Downtown’s winter weather response is triggered by a snowfall of two (2) inches, or greater. Once triggered, Stamford Downtown crews will work – day or night – to clear a 4-foot pathway on primary downtown sidewalks, ensuring curb cuts and crosswalks are accessible during and immediately after a snowstorm.

The Stamford Downtown Snow Removal Program is not intended to work alone. This program is a supplementary service intended to be part of a team effort. During and after a snowfall, property owners and/or tenants need to work in concert with the Stamford Downtown crews to:

- Widen sidewalks,
- Widen and add curb cuts,
- Treat slippery patches,
- Touch up after plows pass by and
- Clear hydrants and storm drains.

Stamford Downtown looks forward to working with its partners to ensure downtown offers a safe, welcome environment for all, regardless of blustery weather.
